

Beech Class Newsletter

Friday 20th
September 2024

★ Highlights of the Week: ★

This week we have been thinking about -

- ❖ Different materials and how they feel
- ❖ Looking at our Speed Sounds
- ❖ How we can combine and build with different objects

Head Teacher Awards

Austin for great Bucket Time

Rosie S for listening to the adults and helping when asked

Kind Award:

Ezra for being kind to others when sharing joint resources

Beech Class had our first visit to Forest school and had a wonderful time - the lovely weather helped! We have also been thinking about different places around school, looking at pictures and using magnifying glasses to investigate, as well as using toys and characters to think about different settings.

Messages:

- Please let us know if there is any further information you would like, whether via the home-school book or a phone-call. We've had a great first few weeks but are aware some things are still new and we're happy to answer any questions you have, from all the adults in Beech Class.
