Highlights for the week

Friday 2nd May
2025

Messages from Mrs Dixon:

WOW, What a scorcher of a week !!! It has definitely been a warm one, and the children have coped well. Please continue to send in shorts and t-shirts to change if the weather is warm.

Please can you let me know if you have not yet received a letter about our upcoming beach trip to Calshot beach. We have a rogue letter come back with no information on, so if you have not received one we can send it home, we wouldn't want anyone missing out on this lovely school trip.

We all hope you all have a lovely bank holiday weekend, (not in on Monday) see you on Tuesday 6th of May ☺

Mrs Dixon, Miss Tripp, Miss Butler and Miss Stewart

Headteacher awards

Adam: for helping adults wash up/clean resources after lessons.

Seth: for using a different sensory material to his friends to access messy writing.

School rules: Safe award: Rafay: for wearing his helmet when riding bikes

Learning:

- Everyone is coping with the heat, we made some timetable changes to ensure that we had some regulation time in the afternoon to cool down and have some water play outside.
- This week in Topic we have been looking at science and everyday materials we find around our classroom and outside.
- In Maths we have been working on Fractions, and refreshing our knowledge on recombining.
- In English we read and explored Ernie's seaside adventure sensory story.
- During PSD we have started our two weeks of learning about our physical health and this week, we have explored washing, brushing teeth and staying safe in the sun.
- We nearly have the whole class that has tried to ride a 3 wheeled bike, for those that can we will move onto 2 wheels and stabilisers and they also have the option of trying a scooter.
