Highlights for the week

English

This week we have been reading and listening to stories. We have enjoyed learning what goldilocks did when she visited the three bears, we have explored this story interactively and using our story sacks with physical resources. We have also started mark making using various mediums.

Reading books should have come home this week. Everyone visited the library on Wednesday and chose a book to read at home. You should also have their reading records book to record any reading at home.

Maths

We are continuing our work with numbers (place value), counting with our hands, with multilink and using busy things (interactive games). We have continued with our messy play splatting current buns away.

Topic/PSD

We are continuing to explore how we feel each day, and learning to be in the class with our friends by playing pass the bean bag in circle time.

We have explored the weather during science this week looking at rain and sunshine, using an umbrella and water to simulate rain inside and making collages out of tissue paper of various weathers.

A note from Mrs Dixon...

I hope that all the children are enjoying being part of our class.

Class Awards:

Jaxon - for good choosing at whole class reading time.

Oscar - for singing along to the feelings song whilst following the words with your finger.

Kind award:

Amaan - for using kind hands when he would like space from his friends.

Please remember... We have Forest school on a Friday afternoon, please send children to school with wellie boots and with the weather turning wetter and colder please can all children come to school wearing a suitable coat.
