# Maple Class

Friday  
8th November 2024

Maple Class have had a brilliant first week back and have settled straight into routine again.

We have really enjoyed looking at some new 'indestructible books' and testing them out to see if they live up to their name!

We hope you like the firework craft coming home with your child today, we made them by printing colourful fireworks using cut up cardboard tubes and then spreading glue to sprinkle glitter on top.

If you wanted a copy of your child's photos from parents evening please let us know, everyone will receive the whole years photos in July so if you want to wait and get them all in one go you can do.

If you have saved us any materials to make musical instruments with, please start sending them in next week and we will use them the week after, thank you.
