

We enjoyed a new story sack this week all about Superheroes. It has various books based on superheroes and lots of wooden characters to play with and make our own stories.

This week in our learning time we have been learning about Van Gogh. We have looked at pictures of his art and recreated our own version of The Starry Night.

We love music and noise in Maple Class and this week and last week have been no exception with the help of Boomwhackers. We have used them by banging them on various surfaces, trying to stack them, lining them up to then knock them down, looking through them like telescopes or making noises down them like a loudspeaker.
