Maple Class

Friday
18th October 2024

The mixture of weather this week has been perfect for our Learning Time as we were focussing on experiencing different types of weather. We've been putting on our wet weather gear at playtimes so we can splash in puddles, had a bit of extra time outside on the climbing frame when it has been dry and sunny and used ribbons outside to see them blowing in the wind.

We have a bit of sock confusion in class! If you recognise any of these please let us know and we'll return them to you. If they aren't claimed by next Friday we'll add them to the school spare socks.
