Maple Class

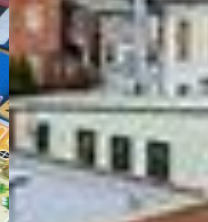

Friday
9th May 2025

We are really enjoying our story sack this half term The Wheels on the Bus. We have looked at books and used visuals to choose the action we are going to complete, children wiggling on the bus seems to be a favourite this week

This week in Learning time we were thinking about towns and the different buildings in them.

We used cars to drive along town maps, Velcro shapes to make houses and built houses for different characters with blocks. We also enjoyed some mark making colouring pictures of buildings on paper and also on the interactive whiteboard

Thank you for all the pictures of your children's favourite places, they were lovely to see and we will be using them over the next couple of weeks
