

RE Curriculum Map

At Maple Ridge, the five RE skills - Communicate; Apply; Enquire; Contextualise and Evaluate - will be taught through a cycle during all RE topics, due to the interconnected nature of the subject. This is the model of the Hampshire RE living difference curriculum for RE:

(Living Difference IV, Hampshire County Council, 2021)

Intent

- Our topics are planned to be relevant to the children and reflect what is going on around them at certain times of the year, e.g. seasons and transition etc.
- We aim to provide a broad and balanced curriculum, covering a full range of foundation subjects - within RE, we aim to cover a variety of different beliefs and religions
- We use a skills-based curriculum that is relevant to pupils' wider lives
- Topics are taught in more detail in each team of the school, as the children progress. This model allows children to build upon their prior knowledge and increases their love of learning for the topics, whilst embedding this knowledge into long term memory. In RE, we repeat different concepts across the school, to deepen the children's understanding of them through different religious contexts.
- We plan to inspire children's curiosity and interest
- We intend to provide an explorative/ investigative curriculum where children learn through experiences

RE Curriculum Map
